

Waste Traps, Pan Connectors and Syphons

EASI-FLO traps offer a multi purpose solution to a number of waste outlets including kitchen sinks, baths, basin bidets, urinals, washing machine and dishwashers. The traps are made from a quality polypropylene and come complete with all accesories and washers. The variations in the traps give different options, and allow you to select the correct trap for the correct job.

PAN CONNECTORS

SLINKY-FIT Flexible WC Pan Connectors

SLINKY-FIT Flexible Pan Connectors have a Smart-Flo design extension tube. The material is specially shaped so anything passing through hits a smooth point making every ridge point towards the soil pipe. It becomes really effective when the Pan Connector needs to be positioned on an angle. This design will help prevent any future blockage after the point of installation.

Flexi Pan Connector (240mm - 500mm)

CODE	SIZE	SEAL	INLET	BOX QTY	PRICE €
