

All Rangemaster taps feature high quality ceramic discs and are guaranteed for two years.

• **Filtered water with style**

The Rangemaster Spa taps have a unique filter system which improves the overall taste, smell and appearance of drinking water and will remove most chemical substances.

• **Unique double action filter ensures high purification levels**

Active carbon filter – traps dissolved substances and particles such as chlorine. **A resin filter** – removes contaminant.

• **Easy-replacement filters with a capacity of up to 2,500 gallons of water**

Once installed, the large capacity double filter can easily be replaced by the householder. Special 6mm pipework delivers filtered, clear and clean-tasting water at an impressive rate of approximately four litres per minute.

Improves:

- Taste
- Smell
- Clarity

Reduces:

- Chlorine
- Scale build up
- Dirt
